Conference Theme: Planning and Assessing for Learning

Day 1 - From Good to Great: Setting the Stage

- How do we create an environment for learning?
- How do we convey learning goals to our students?
- What are your **realistic** goals for innovation this year?

Day 2 - Integrated Performance Assessment: Measuring Learning

- How do we assess and provide feedback on unit goals?
- What performance summative assessment tasks will best measure the goals of the unit?

Day 3 - Lesson Design: Planning for Success

- How do we structure lessons to maximize student learning?
- How do we develop tasks for each mode of communication that prepare learners for the IPA?
